

公司简介

三元催化产品安装于汽车排气最前端，三元催化是指将汽车尾气排出的CO,HC,NO,等有害气体通过氧化和还原的作用转变为无害的二氧化碳、水和氮气的催化，成为汽车尾气净化器的重要组成部分。客户至上，诚信为原则，质量为企业理念，生产研发着质量为上，价格为优的热销产品，达到环保绿色的生产排放标准。同时也以先进的技术，科学的管理，优质的产品，切身的服务来满足客户对于三元催化汽车配件行业的需要。

DEEP BLUE international 在致力于国内客户发展的同时也积极的走向国外市场，也为自己在汽配行业带来一个新的发展，出口美国，伊拉克，日本，南美，非洲等多个国家，受到客户的一致好评。产品多达千余种，可以出口的产品达到800多种，目前还在不断的开发和研究

任何人都是从无到有发展起来的，**DEEP BLUE international** 愿意与你一起成长一起发展。

Opcar Parts is located in Yiwu City, China, and its office in the United States is located in Qingdao, China. It has been deeply involved in the industry for sixteen years. Opcar Parts adheres to the philosophy of integrity and quality. Based on the company's philosophy of life, we produce various three-way catalytic converters and automobile exhaust systems. The system has gained a group of loyal fans, and at the same time actively absorbs advanced technologies from various industries, Doing development in the auto parts industry, independently developing products, and also committed to The development of the blue sky industry follows the blue sky path of our predecessors and makes contributions to the environmental protection industry.

A three-way catalysis products are installed at the front end of automobile exhaust. Three-way catalysis refers to the catalysis of converting CO, HC, NO, and other harmful gases from automobile exhaust into harmless carbon dioxide, water and nitrogen through oxidation and reduction. It is the most critical part of the whole system.

Over the years, Opcar Parts has been people-oriented, customer first, integrity as the principle, quality as the core. On the company philosophy of life, we produce and develop products that put quality first and price first. A best-selling product that meets environmentally friendly and green production emission standards. At the same time, first advanced technology, scientific management, high-quality products, and personal services to meet your needs to meet customers' needs for the three-way catalytic auto parts industry.

While **DEEP BLUE international** is committed to the development of domestic customers, it is also actively going abroad market, and also brought a new development to the auto parts industry, exporting to the United States, Iraq, Japan, South America, Africa and many other countries, and are favored by customers. The products are continuously praised. The products reach more than 4,000 kinds of products, and the products can be exported reach more than 800 kinds, and they are still being developed and researched one after another.

Everyone develops from scratch, DEEP BLUE international is willing to grow and develop with you.
